RAILROAD TRAFFIC CONGESTED AT OGDEN

Freight and Pullman Cars Fill Depot
Yards—Nevada Trains
Held Up.

OGDEN, March 3.—Advices received at Ogden from Battle Mountain, Nev., state that there are seven trains being held at that place behind the wash-
ing out of the tracks. The wash-
ing out, carrying over 800 people, many
of whom are from Ogden and Salt Lake,
the local passengers are largely made
up of people who visited California
on the Elks' special excursion. The
railroad officials are doing all in their
power to properly care for all the
passengers.

FUGITIVE ARRESTED IN NEW MEXICO

OGDEN, March 3.—City Detective J.
Pender is in receipt of a telegram
from officers in New Mexico to the
effect that John W. Haynes, alias F. H.
Mendenhall, who is wanted in Ogden
on the charge of obtaining money
under false pretenses, has been ar-
rested and is being held for the Ogden
officers. Mr. Pender states that Haynes
is one of the cleverest confidence men
and prominent loggers. It is his
practice to prey upon fellow members,
after gaining their confidence. The
Ogden officers have been tracing
Haynes for some time and had about
given up hopes of finding him. Re-
quisition papers will be prepared at once
and he will be brought back here to
stand trial.

FELL INTO SEWER TRENCH.

OGDEN, March 3.—As she was going
home Tuesday evening about 3 o'clock,
Miss Nellie Baker, who resides at 1941
Steel avenue, accidentally walked into
an open sewer trench at the corner of
Twenty-first street and Jackson and
Miss Baker asserts that there
were no lights displayed to warn
pedestrians of the danger. At the time
of the accident she was accompanied
by Miss Van Lescure, who secured an
ambulance and rescued the young lady
from her unfortunate position. Luckily
no injuries, aside from a few minor
scratches were received.

SUB-AGENCY OF UNITED STATES POSTOFFICE

OGDEN, March 3.—Postmaster L. W.
Shurtliff has been notified that Ogden
has been selected as a sub-agency of
the United States postoffice service.
This means that heavy shipments of
postal cards, stamped envelopes, and
other valuable matter will be carried
to the local office for distribution to
the postoffices of Utah, Idaho and
Nevada. One carload of supplies,
valued at over \$100,000 has been re-
ceived and another is en route. This
place Ogden is in a very favorable light
as an important distributing point.
Several new clerks will be added to
the force at the local office because of
the new business. In addition, two new
carriers, Clarence Manning and J. H.
Clancy, have been added to the local
force.

ELKS ELECT OFFICERS.

OGDEN, March 3.—A very important
meeting was held at the Elks' club
rooms on Tuesday evening, when of-
ficers for the ensuing year were chosen.
They are as follows: C. A. Boyd, ex-
ecutive; S. A. Maginnis, esteemed
loyal knight; L. J. Clark, esteemed
loyal knight; L. B. Mitchell, esteemed
lecturing knight; C. O. DeWolfe, sec-
retary; T. W. Jones, treasurer; Ralph
Hoag, treasurer; S. Gysin, Tyler; J. S.
Corlew, representative to the grand
lodges; F. E. Burt, alternate to the
grand lodge.

Plans were discussed to build a new
clubhouse for the local lodge and it is
hoped that by the end of the summer,
the members will be comfortably
housed in their new quarters.

PRISONERS IN QUARANTINE.

OGDEN, March 3.—Notice has been
received on the officials at the city jail
that no prisoners who were exposed to
smallpox will be allowed to leave the
jail for two weeks. This order does
not interfere with the municipal court
proceedings nor does it prohibit the
prisoners from being placed at work
upon the streets, but no other
persons are allowed to go near them.

THREE BURGLARIES REPORTED

OGDEN, March 3.—Three burglaries

Constipation

Should not be neglected. It leads to more
serious troubles. It shows that the im-
portant functions of the liver are imper-
fectly performed. The best medicine to take for it
is the mild, gentle and purely vegetable cat-
harctic, Hood's Pills, which act on the liver
and bowels, cure biliousness, constipation,
morning and sick headache, break up colds,
relieve uncomfortable fullness after dinner.

Hood's Pills

Are prepared by C. I. HOOD CO., Lowell,
Mass. Sold by all druggists and sent by
mail. Price, 25c.

which look like the work of amateur
cracksmen, were reported to the police
early Wednesday morning by the prop-
rietors of the three respective places,
all of which were entered through the
rear doors. Very little booty was se-
cured at any of the places, in fact, it
is not definitely known whether any
merchandise was taken at all. The
places burglarized were the Brown
Drug store at Twenty-second street
and Washington avenue, the Murphy
saloon and a Greek fruit stand on
Twenty-fifth street.

HEARING POSTPONED.

OGDEN, March 3.—Owing to the fact
that one of the attorneys representing
Fred Ricker and L. V. Curry of the
"Dolly Dimples" trio, whose case was
to have been tried in the district court,
is on the other side of the washout on
the Southern Pacific in Nevada, the
case has been postponed until Friday
morning.

MARRIAGE LICENSE.

OGDEN, March 3.—A marriage
license has been issued to Henry L.
Seaton of Los Angeles and Estella M.
Hamby of Ogden.

DEATH OF MARGARET PIERCE.

OGDEN, March 3.—Margaret Helen,
the beautiful little daughter of Rich-
ard A. and Alice Fife Pierce, aged 12
years and 8 months, died at 9:15 a. m.
Wednesday at the family residence, 212
Twenty-second street. Notice of the
funeral will be given later.

HUNTINGTON.

WRESTLING WITH THE SALOON EVIL

(Special Correspondence.)
HUNTINGTON, Feb. 28.—The town
authorities have been having their
town ordinances re-written, and put-
ting them in shape to handle law
breakers or those who may be inclined
to disobey order or trample on the
rights of others. The saloon feature is
the worst to contend with, as it appears
the law will not allow the board to
license a saloon in any circumstances
seemingly all right. This new board
has raised the license to \$1,200 per
year, and yet it is now under-
stood that certain parties are going to
apply for a license and pay that much
for it. There is one saloon running
here now at \$800 per year. Nine tenths
of the people would like to get rid of
the saloon altogether, and if the \$1,200
license won't stop the traffic, the
board of the license will be raised
still higher. The experience of the
town for the last few years is that the
saloon man has studied to, and has,
disregarded the ordinances and laws so
far as lay in his power.

SEVERE WINTER.

HUNTINGTON, Feb. 28.—This has
been a long and most severe winter;
the snow is still from 12 to 20 inches
deep. Quite a large number of range
stock have already died and more will
die if a change does not come soon.
From the 1st of December to the last
of January there was hardly a night
that the thermometer did not go be-
low zero, some of the time as low as
20 below, and it has been the hardest
winter known even to the oldest set-
tlers. Since it has turned warm in the
day time there is much sickness, most-
ly colds, among the people, especially
the children.

COMMERCIAL CLUB.

HUNTINGTON, Feb. 28.—A com-
mercial club was recently organized in
Huntington, and it is believed it will
accomplish a good deal for this town
and the surrounding country. On
Washington's birthday, the club gave a
dance and banquet, enjoyed by over 300
people. The affair was a complete
success. The program, besides the
dancing and supper, was an address
of welcome by Fred J. W. Nixon;
quoted by Mrs. Hettie McArthur;
humorous speech by D. C. Woodward,
piano selection by Mrs. W. T. Mathie,
an original song by Wm. Howard. May
they accomplish good.

On Friday the 25th was the annual
reunion of the Relief society, they too
had a nice program and dance in the
afternoon and evening.

FRUIT AND TEMPERANCE.

In America a distinctly increased de-
mand for fruit has been noticed with-
in the last year or two, and is ascribed
in the first instance to the growth of
the temperance movement. As a man
loses the taste for alcohol so he en-
courages the more natural and primi-
tive appetite for fresh fruit.—Country

JOHNNY WALKER ELECTED ON COUNTY BOARD

Will Fill Unexpired Term of A. B.
Walker, Who Died a
Month Ago.

(Special Correspondence.)
PROVO, March 3.—The board of county
commissioners at a special meeting
held Wednesday appointed John W.
Walker of Pleasant Grove to succeed A.
B. Walker, who was chairman of the
board at the time of his death a month
ago. The term of A. B. Walker would
have expired with this year, and John W.
Walker's term will expire at that time.
He is a brother of the deceased com-
missioner and from the same town.
Other candidates were J. Goodwin
and James H. Gardner of Lehi, and W.
Westphal of Pleasant Grove. Mr.
Westphal withdrew in favor of J. W.
Walker of Pleasant Grove, who was
elected by a large majority.

YOUNG UTAHNS ABROAD.

PROVO, March 3.—George S. Taylor of
this city has received a letter from his
son, George Merle Taylor, and his daugh-
ter, Mabel Merle, who are now travel-
ing in the Orient and will visit the Holy
Land, after which they will return by
way of northern Europe and England.
They are enjoying a trip of business
having already visited southern Europe.
Mr. Taylor had filled a three-years' mis-
sion in Germany for the past three years
on the pleasure trip, and his sister went
there to travel with him. They are ex-
pected home some time in June or July.

ANOTHER SUCCESSFUL STUDENT.

PROVO, March 3.—Sterling Fogelberg
writes from Boston to his brother, O. W.
Hyde of this city, that he will return to
this city this summer. Mr. Fogelberg has
been studying music in Boston for nearly
three years, and expects to teach in-
strumental music on his return. The
young man has great talent as a musician,
and reports from Boston are to the
effect that he has made a fine record as a student. He has many friends
here and in Salt Lake, where his mother,
Mrs. Sophia Hyde, is now residing, who
will be pleased to learn of his success and
of his return to his native state.

FAMILY INTERFERENCE SEPARATES YOUNG COUPLE

LOGAN, March 3.—For two days
the district court has been occupied
in hearing the divorce case of Albert
Bowman vs. Mary M. Bowman, in
which the plaintiff sought a divorce
on the ground of desertion, and the
defendant in a cross-complaint asked
for a decree on the ground of cruelty.
Today Judge Maughan handed down
a decision finding the issues in favor
of the plaintiff. The defendant by
agreement was awarded the custody
of the one child, and the father was
required to pay \$15 per month for
its support. The divorce proceedings
were brought about by the interference
of the family of the defendant in the
affairs of the young couple, and the
court in announcing his decision
commented on this fact. All the parties
are from Richmond.

INDIAN WAR CLAIMS.

LOGAN, March 3.—Mr. Pratt of the
Indian war commission, who is hold-
ing office here again for the purpose
of allowing all veterans who did not
file their applications for pensions
when the commission was here last
month, to do so now, is the busiest
man in the county. Scores of the old
Indian fighters having been notified
by their friends are appearing to make
their claims. The commissioner will
be here until Saturday evening, and
the outlook is that he will be unable
to record all the applications present-
ed by that time.

CACHE COUNTY AFFAIRS.

LOGAN, March 3.—The county com-
missioners were in session today and
passed upon a lot of routine business.
One important action taken was the
confirming of the appointment of Wil-
liam H. Larsen as deputy-treasurer.
Mr. Wilford Johnson, the former
deputy, having resigned to accept a
position with the First National bank
of this city. Mr. Ola Sonje, whom Mr.
Johnson succeeds, goes on a mission
on the 11th of this month. Mr. Lar-
sen was deputy county clerk a few
years ago and resided to go to Salt
Lake, but returned there some time
ago. He is a popular young man and
the appointment meets with gen-
eral approval.

The Boosters club is busy with
plans for having the pure food and
health laws of the state lived up to
better in this locality. Information
has been received that impure prod-
ucts of one kind or another are
being sold here and an effort will be
made to have an officer appointed
whose duty it will be to prevent such
infractions of the law.

SANDY.

OLD FOLKS FESTIVAL— NEW CEMENT BRICK YARD

(Special Correspondence.)
SANDY, Salt Lake Co., Utah, March
1.—The old folks' day in Sandy ward
was a grand success; 250 people sat
down to dinner in the basement of the
warehouse on Washington's birthday
and a good program was rendered. All
over 60 years of age were the honored
guests of the day.

The Sandy city fire department will
give a vaudeville show on March 17,
at the amusement hall, under the able
management of Prof. J. R. Briggs. The
funny will be used to purchase a hose
cart.

The directors of the Sandy City Park
association have let a contract with
Jensen & Kubre for the purchase of
17,000 feet of lumber and 240 cedar
posts, to enclose the baseball grounds,
also to build a grand stand to ac-
commodate the public. O. H. Dutton

and A. R. Gardner will have charge of
school games.

Options for a large number of acres
have been secured for the establish-
ment of a brick yard in the east part
of town. It proposes to make cement
brick in large quantities.

LOCAL MARKETS

The markets have "gone glimmer-
ing," and the reason is not hard to sur-
mise. There is no thoroughfare be-
tween Salt Lake and California with
both the San Pedro and the Southern
Pacific washed out, and traffic going
around by the way of Portland. South-
ern California vegetables can not be
shipped to this city via Portland. Un-
til damages are repaired, and inter-
rupted communication resumed, Salt
Lake people must do without the cus-
tomary vegetable supplies. The loss of
the direct line to Los Angeles is being
severely felt in this community, espe-
cially in the market line. Fish, too, are
scarce today, owing to water interrup-
tions on the northwest. There are
some celery arriving from local sources,
with the tops frozen; also potatoes
from the northern counties. The but-
ter-oil-margarine situation remains
unchanged from last report. Hay con-
tinues plentiful and at prices reason-
able for this time of year. The quo-
tations obtaining in today's markets
are as follows:

THE DESERET NEWS.

The Bulgarian Bridal Bonnet

THE girls in Bulgaria never have
the privilege of wearing wedding
veils simply because in their country
no such wedding finery exists. But in
Bulgaria the bridal bonnet has more
significance than even the bridal veil
in America, and it is far more expen-
sive. The tulle veil that most brides
wear in America is about six yards
long, and costs probably anywhere from

having such a vogue on our costume
this winter. The pattern on the wed-
ding tulle in conventional design
cut from scarlet cloth, which is work-
ed in scarlet, blue, green and gold—the
more gold the happier the bride.
But the bonnet, is the piece de re-
sistance of the costume. It is a poke-
shaped affair that flares gayly around
the face, made of wire, overlaid with

Long before her lover appears upon
the scene the Bulgarian girl of the
peasantry starts work on her wedding
gown and bonnet, for the daughter of
the soil would rather the good Lord
would remove her from this earth than
condemn her to spinsterhood.

So from the time Louisa of the Drag-
oman pass learns to slip the word "mar-
riage" or its Bulgarian equivalent she
plans her trousseau, and in the winter
when the field tasks are over she em-
broiders and braids and spangles her
wedding finery, which occupation often
takes years to accomplish.

The gown will consist of a scarlet
petticoat, over which is worn a tunic
of white hand woven linen. This tunic
is elaborately decorated with embroi-
dery—Bulgarian embroidery, which is

Even brides in the upper classes of
Bulgarian society wear these bonnets,
but the effort of obtaining them is not
so strenuous, and the pomp and cere-
mony of the peasant confection are dis-
pensated with on this happy occasion.
